

Instructions for accessing the audit documents of a previous electrical installation

Please note, that TTJA web page is only available in estonian

1. The documents of an installation are accessible through the CPTRA database <https://jvis.ttja.ee/> as follows:

- In the case of natural persons, by the owners and/or representatives of the buildings.
- In the case of legal persons, by owners and/or representatives entered into the commercial register.

2. Next, click on „Vaata paigaldisi“.

3. On the „Paigaldis“ page you will see your installations. You can select the building under the ‘Number’ field. If there are multiple buildings, use the building name to find the correct one.
